

Zn-galvanized Steel Coils.

Automatic Line of Length Cutting of Coiled Metal

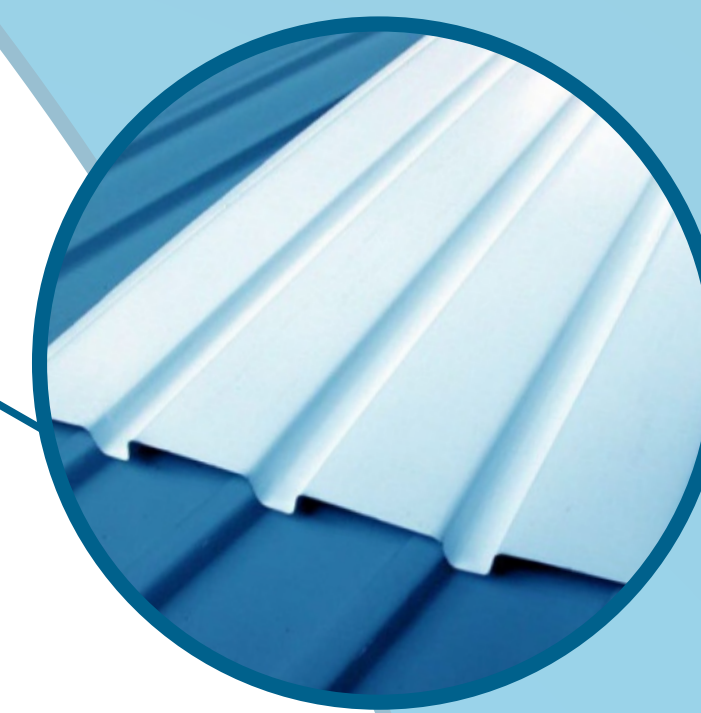

Strip

Profile Manufacturing

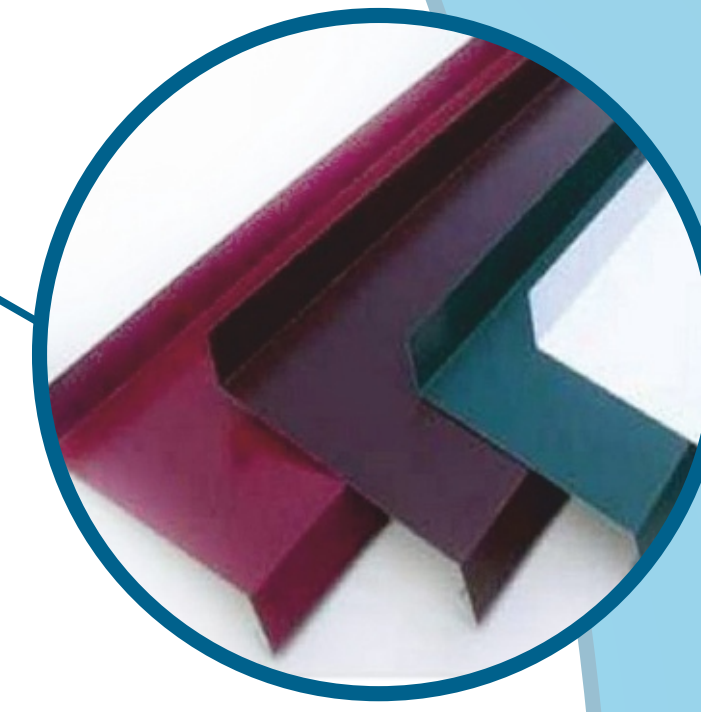

Profiled Sheet C21, HC35, HC44.

Automatic Line for Manufacturing of Profiled Metal Sheet (Cladding)

Accessory Details of Drain Systems

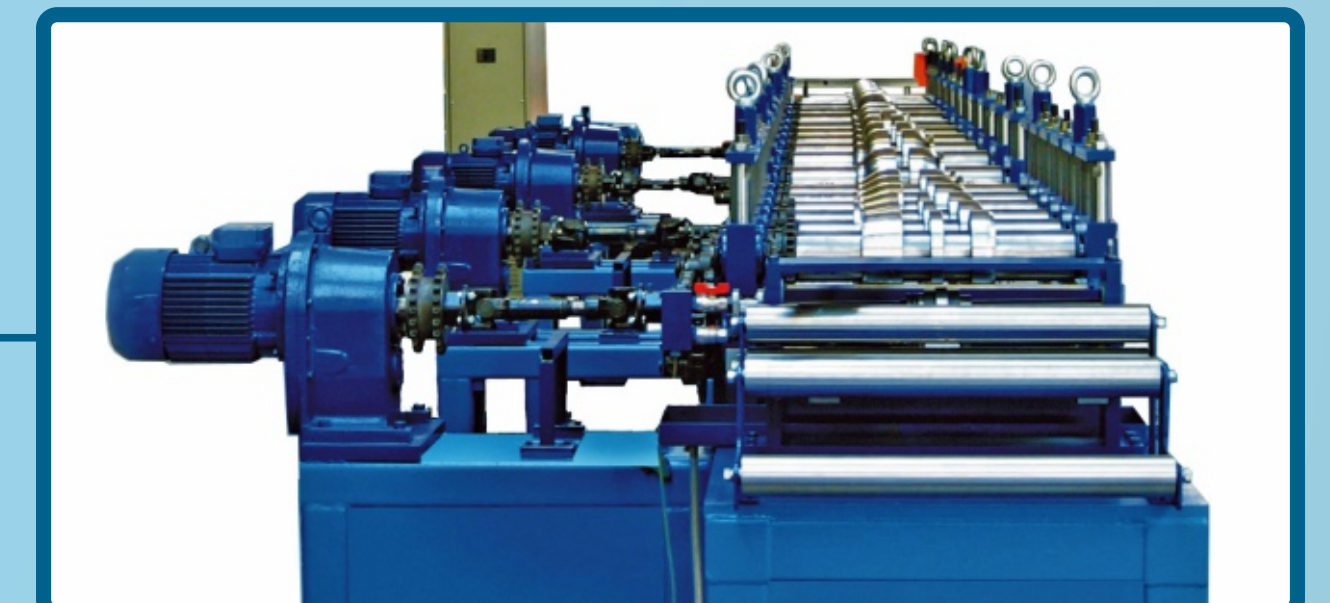

Set of Equipment for Manufacturing of Accessory Details of Drain Systems

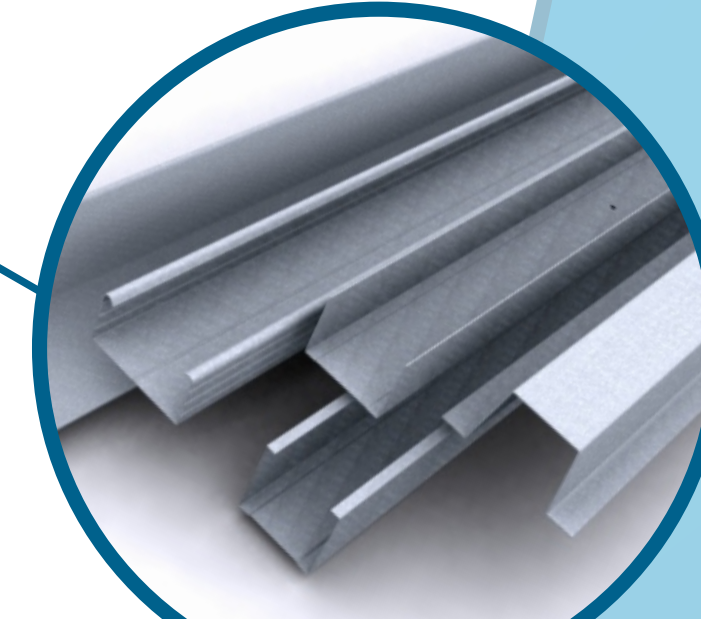

Pipe 100, gutter 100, apex.

Automatic Line for Manufacturing of Drain and Roof Systems Profiles.

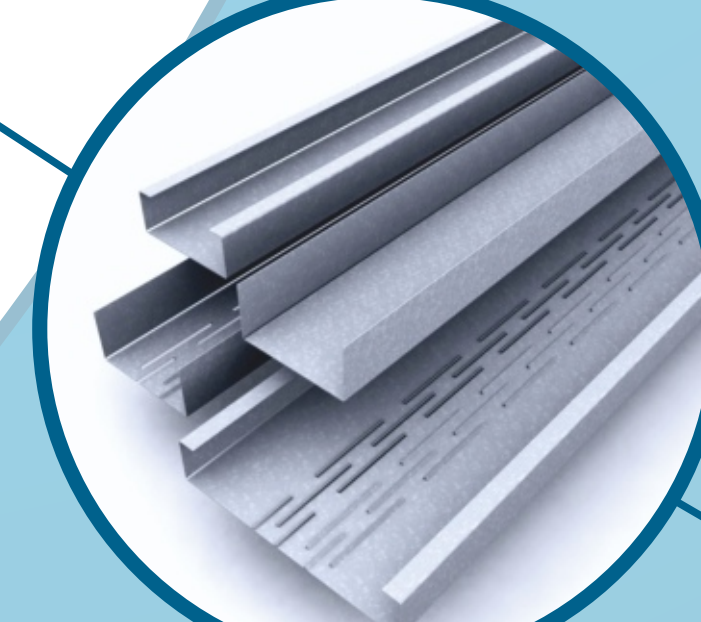

Profiles H28, П60, H, C 75-100, joists, erecting angles.

Automatic Line for Manufacturing of Profiles of Dry Construction System.

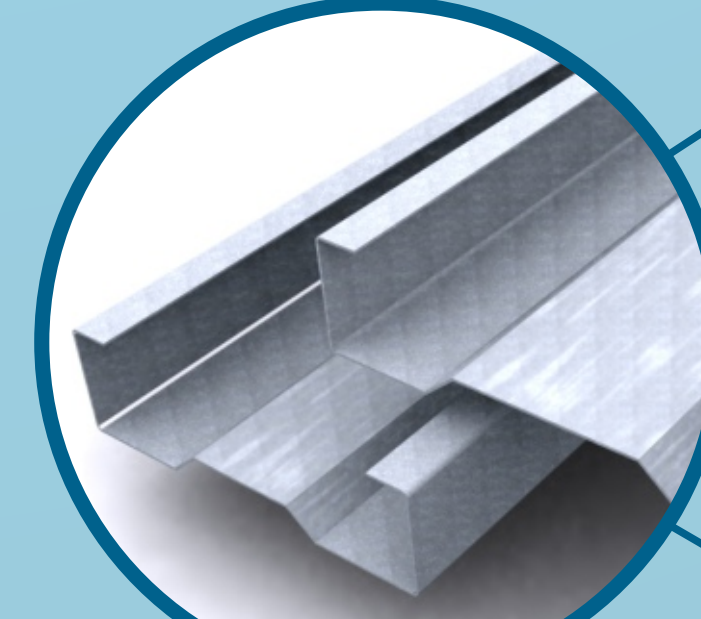

Rack-mount and guide profiles and thermoprofiles (S=1,5 - 2,0 mm), width - 100, 150, 200 mm.

Automatic Line for Manufacturing of Thin-Walled (1,5 - 2,0 mm) Frame Load-Bearing Profiles and Thermoprofiles of Buildings

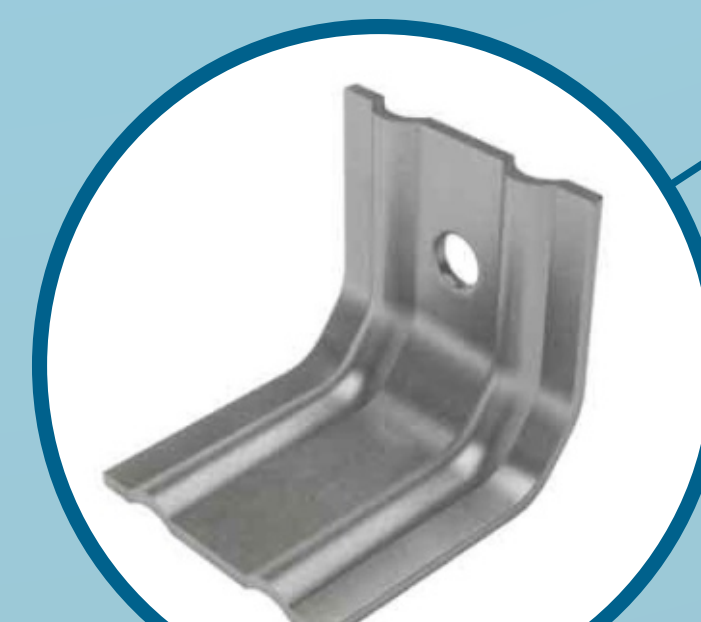

Rack-mount and guide profiles (3 mm), width - 200 and 250 mm.

Rack-mount and guide profiles (3 mm), width - 200 and 250 mm.

Arm

Automated Forming Complex for Manufacturing of Arm Details.

Bought-in Components

Sanitaryware

Windows and doors

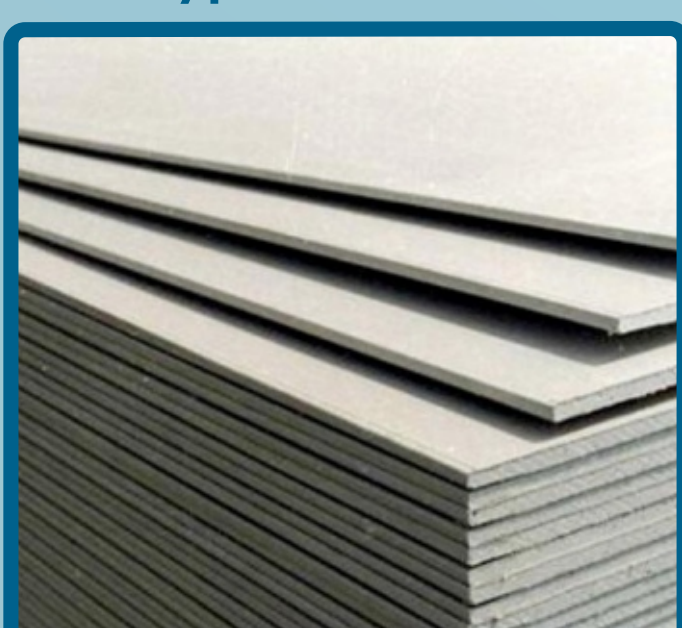

Dry compounds and paints

Electric components

Gypsum sheets

Finishing materials

Heat isolation, wind isolation and vapour seal
